Is Getting Tired of The Populists
Trying to Run Everything
in Meade.

The Fact That Some Men Have
Become Crazy on the
Question

Does Not Shake His Faith in the
Grand Principles of
Democracy.

ALBERT JOHNSON'S SPEECH.

All Populist papers are teeming with "frank that smells to Heaven," perceiving that the two political parties, especially the Democratic party, leaving aside of reaching the people, the disease that has been manifesting itself in a catalogue of ills, is by handing over the reins of the government to the Populists who are getting angry hungry for "pie," crying like babies because they can't get a smell.

This country is besieged with Populist papers. We Democrats—some of us at least—get them gratis. We read them, of course, read everything we can get hold of from Tom Paine's Age of Reason down to Darwin's Theory. They do not tend to near our intellectual powers. The belief is firm within us that there is a God, "hereafter." The fact that some men have become crazy in their search after knowledge, doesn't shake our faith in a Divinity, and the fact that some of our representatives have gone wrong, is no indication that all Democrats are thieves. The verminosity of our minds is not moved by the incessant howling of a gang of coyotes and jackals—calamity-howlers, "dead beats," or Populists? If you please.

I was invited to attend the club meeting at Oak Grove the night of the 5th inst, and hear a grand display of eloquence in the Populist line, from Mr. Johnson, of Henderson. When there is anything of a grandiose nature going on in the country, Sirocco's nightcap to take it in is to look in Johnson's eloquence. The only thing I regret, in regard to listening to his harangue is, I had to put a mustard plaster on my side to draw the soreness out which was caused from the smothered convulsions of laughter that wouldn't stop, never for a solid moment keeping his eyes off of his paper only for a glance around the room now and then to see if every body was awake.

We were all very much awake, but are yet undecided whether he intended that address for a parody on the psalms of David, a burlesque on Solomon, or was trying to paraphrase Bunyan's Pilgrim's Progress, but suffice it to say, we got our sufficiency full and more would have been flippity-dipity," as the girl said when she shoved her plate back at the table and refused to eat any more. I am more, her mother having cautioned her to eat sparingly when in company, and when she was pressed to continue her meal, excuse herself thusly: "Thank you, I have a sufficiency and my good superfluities." But you see the old gal got things kinder mixed. Johnson never made an application from start to finish, it was a continued prologue of peals in closing, he said that he had become very religious since he had embraced the Populist doctrine, and didn't see how the Democrats and his country could refrain from becoming members of the Populist church, that Jesus Christ was the best Populist that ever lived. It was after he had finished reading his manuscript and had fallen to pieces like an old barrel that had been under the influence of too much sunshine. Eliza Ashcraft caught the climate then by rising to his feet and telling the audience that he (Ashcraft) was sorry that Mr. Johnson didn't speak plain enough for them all to understand.

Eliza then opened the doors of the church and invited sinners to come forward and join the Populists while the congregation sang an old familiar hymn, "any body go up, ye gods they wanted to search the scriptures and see if Johnson told the truth about Christ being a Populist. I honestly believe that some of the Populists in this county think that the second coming of Christ, is close at hand, and when He makes His appearance, He'll say, first thing to the Populists, "Well those good and faithful servants, &c." and will say to the devil, "All you Populists rise first." Then He'll say, "Where is Jim Arnold?" Jim will speak up quick, "Here I am Lord, I've led the Democrats and Republicans until I know you'll give me a high seat in the

Farmers are busy cutting up corn and getting ready to sow wheat.

Several from this neighborhood are going to take in the big show next Monday.

As the gay season is fast approaching, we are getting anxious for that long look-out-for-party. What do you say, Sadies?

Some Criticisms on Charlie Blanford's Speech.

Charlie did not act fair with Uncle Jonas. He should have divided time with him.

Charlie's little scheme is to have an approving advertisement for the Big Card that will draw a crowd and then Charlie takes the trick.

Mr. Blanford championed Ben Harrison but failed to tell us of his little game by at Indianapolis in that street car case lately.

The intelligent masses of the Democratic party are not so badly disappointed as Charlie Blanford seems to think, they did not expect that Congress at one fell swoop like a butcher killing an ox would undo all the robber tariff and boodle bounty laws that the Sherman, the Blaine, the Chandlers and Reeds and McKineys have been years and years getting up for the benefit of the few against interests of the masses.

Gov. McKinley will speak in Louisville, to-morrow, Thursday October 17th.

Times are Democratic times sure enough. Twenty-one pounds of sugar for a \$1.

We can all take sugar in our pockets.

The Republicans are doing the howling now, but the Democrats will do the voting in November.

The Hopkinsville Kentuckian has moved into handsome new quarters of its own. We congratulate you Bro. Meacham.

Hats's twenty-one pounds of sugar for a dollar, says the grocer. It's a hard thing for Republicans like Lewis to swallow, but he has to do it.

The Hon. Chas. Blanford gives the Democrats thorough for passing the Wilson bill, but he never says once that his party was put back into power, that it would re-elect the McKinley law.

October 20th is the last day for filing certificates of nomination or petitions with the county clerk, in order to get on the official ballots for November. If any candidates have failed to attend to this important matter, they have only a few days more to take action.

HUNTER should bear in mind that cattle, pastures or other property killed until the 15th of November, the last Legislature extending the time from the 20th of October to November 15th, and lasts until January 1st.

The 1st day of January under the 15th, there is a penalty for catching, killing, pursuing or having in possession any of these birds, after being caught or killed, from \$5 to \$25. Possession of any of these birds during that time is an evidence of guilt.

We'll venture to say that there isn't a prettier church of its size in the state than the one the Catholics of this city have just completed and it is to be dedicated next Sunday. Father Neppel, the pastor, has been working day and night since the old one burned down last February and it is due to his energy and hard work that the church has progressed so rapidly to completion. Next Sunday will be a great and joyful day for the Catholics of this city and vicinity. They are to be congratulated.

The wholesale price of granulated sugar October 1, '94 under the McKinley law was 51 cents, October 1, '94 under the Wilson law it was 41-1/2 cents of the official figures show that the price of sugar under the Wilson law has not been increased, but that it is considerably lower. But note the effect of the two laws in the revenue received by the government from this one source. The revenue to the government under the present law is \$42,000,000, under the McKinley law it was nothing. McKinley gave to the trusts free raw sugar and a prohibitory duty in favor of their product of refined sugar. The present law gives to the Treasury a large revenue, enabling Congress to reduce the price on other necessities of life and cut down the profits of the trusts over fifty per cent. And the Democratic party is responsible for this.

Where oh! where is my little blue hat? Any information gladly received by Mrs. J. W. Richardson, Valley Station, Jefferson county, Ky.

Mr. Charlie Shacklett and sister, Mabel passed through town last Saturday en route to the party given by Misses Lula and Lena Willett, of Back Grove.

Mr. Jim Richardson's family will occupy the rooms over his store on West Main and Mason McMonigle and wife will take his cottage on West Hill.

Mr. S. P. Woolfolk, Mrs. Warfield and Miss Pearl Ditt will soon be off to no release come. They have had a battle with the fever and Mr. Woolfolk and Mrs. Warfield have been extremely ill.

W. F. Grinnell accompanied his wife to Louisville and returned Monday night.

Mrs. Grinnell will be at Baird's Wholesale Millinery 'till Friday night and on Saturday the 20th at your service.

Last Saturday was a bright, bracing, autumn day which brought many people to town and played the game in for a share of trade. Hats and bonnets were going like hot cakes and they were pretty too.

A big attendance at Baptist S. S. last Sunday. Mr. James Bryant gave us a kind talk and imparted some wholesome truths to the children. Mr. Will Ashcraft was in the choir and his voice added to the strength.

Mr. John C. Walker, of Louisville, is in a dying condition. He was for years a resident of this place and a prominent attorney. His wife and children live in our country and I presume his remains will be interred here in case of his death.

No preaching at any of the churches last Sunday. Brother Hagan has a light form of fever and Father Herbut is in Cincinnati sick looking to fill his pulpit here next Sunday and I presume Brother Walton, of the M. E. church will be here.

The Harrison county nine came over last Saturday and played the Meade county nine with ten to a in favor of the Meades. A big crowd turned out and our boys got some tremendous cheers.

Charles Coleman and I presume his nephew and Gough Grinnell says "me" and Charlie Coleman made them Indiana boys "plum" sick.

When Gorman made a speech and scored the President, it was a beautiful scene in the Senate. Whether Cleveland deceived Gorman or whether he should have written that letter to Mr. Wilson still causes controversy with some but all the same the bill has passed, and as we wished, but we have free wool if not free sugar and we still have esteem and affection for "what's left" of modern Democracy. Now here's another speech before us from the pen of Pedagog not only scoring the President but our "first, best, correspondent" Sincere and whose words I would not care to repeat. Pedagog is to respond in which event the President will have to indict another party (he received the News of last week's "loathsome" article).

Lena Gilliland, Sarah E. Richardson, Anna Hanks, Esther Haynes, Birdie French, Emma Stevens, Ida Gardner, Susan Branson, Blanche Sevens, Minnie Hoyle, Pink Ricketts, Messrs. Chas. Cashman, Fred Severs, Hubert Bruner, Newman Gardner, June Haynes, Claude and John Branson and Hugh Pryme.

The Sabbath school at this place seems to have awakened from its lethargy and is improving in all respects. Mr. E. R. Gardner, their faithful Superintendent, is rarely missed from his post and the increase is due to the earnest and untiring efforts of a "faithful few." The church here has improved. Miss Father Haynes has been collecting money for the poor and the receipts were large, and the result has been that the officers and directors could wish—Owensboro inquirer.

A Marvelous Showing.

The U. S. Government, through the Agricultural Department, has been investigating the baking powders for the purpose of informing the public which was the purest, most economical and wholesome.

The published report shows the Royal Baking Powder to be a pure, healthful preparation, absolutely free from alum or any adulterant, and that it is greatly stronger in leavening power than any other baking powder.

Consumers should not let this valuable information, official and unprejudiced, go unheeded.

Sinking of the Steamer E. O. Ragon.

This steamer E. O. Ragon, one of the Louisville and Evansville mail steamers, sank in 7 feet of water in Chenault's reach 8 miles above Stephensport, Ky., and 35 miles below Louisville on last Thursday night at 7:30 p. m. She had been taking on hay and was endeavoring to get in the channel again when she struck a log, tearing away a portion of her hull and in a few minutes the water covered the main deck. She now lays in a bad condition.

Pilot Joe Fisher was at the wheel at the time of the accident.

The cargo of freight was light and damaged slight. There were 15 ladies and three gentlemen on board. They were taken to Stephensport on the Hart and from there came to Louisville accompanied by the postal clerk of the boat. The Ragon had been repaired for the fall trade which makes the loss to company greater. She was named for Mr. E. O. Ragon, the wholesale grocer of Evansville, Ind. Max G. B. Shaw.

Shot Through the Heart and Will Recover.

MONTGOMERY, Ala., Oct. 9.—The Mobile physicians have encountered a remarkable case. Two weeks ago Will Young, a vigorous youth, while working in his field, was shot by an assassin. The bullet went entirely through his chest and penetrated the space of his heart; yet he is still alive. The entire medical fraternity agree that the ball penetrated the heart, but to make the matter doubly sure prepared accurate drawings and measurements of the points of entrance and exit of the bullet, together with a diagnosis of the symptoms, and sent them to Dr. Keene, of Philadelphia. He and other leading experts there examined into the case and pronounced it the only one on record of its sort. It is believed Young will recover.
